Human Trafficking Reporting Policies for Illinois

SCAN ME

ILLINOIS IS A MANDATED REPORTER OF HUMAN TRAFFICKING*

National Policies

Federal law **does** currently mandate reporting by healthcare providers of suspected human trafficking of patients **UNDER 18** (as child abuse per Child Abuse Prevention and Treatment Act); no mandated reporting for 18 and over.

Sex trafficking*: the recruitment, harboring, transportation, provision, obtaining, patronizing, or soliciting of a person for the purpose of a commercial sex act that is induced by force, fraud, or coercion, or in which the person induced to perform such act has not attained 18 years of age*

Labor trafficking: *the recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery*

Remember to consult with your patients about your concerns using trauma-informed care and respect patients' autonomy.

Doctors, nurses, and social workers are mandatory reporters of all violations of human rights. Providers must get patient permission to report or call if 18+; it is a violation of privacy rights to report without consent.

*State Policies

Under 18:
Illinois **does require immediate mandatory reporting** by all healthcare providers to the Department of Children and Family services.
Hotline: 1-800-252-2873

18 and over:
Mandatory reporting within 24 hours is only required for cases of suspected trafficking of adults with disabilities or adults over 60 years of age who, because of a disability or other condition or impairment is unable to seek assistance for himself or herself, to the Adult Protective Services of Illinois (1-866-800-1409). All other reporting should only be done with either patient consent or per HIPPA Privacy Rule regulations, if concern for imminent harm.
