LOUISIANA IS A MANDATED REPORTER OF HUMAN TRAFFICKING*

National Policies

Federal law **does** currently mandate reporting by healthcare providers of suspected human trafficking of patients **UNDER 18** (as child abuse per Child Abuse Prevention and Treatment Act); no mandated reporting for 18 and over.

Sex trafficking*: the recruitment, harboring, transportation, provision, obtaining, patronizing, or soliciting of a person for the purpose of a commercial sex act that is induced by force, fraud, or coercion, or in which the person induced to perform such act has not attained 18 years of age*

Labor trafficking: *the recruitment, harboring, transportation, provision, or obtaining of a person for labor or services, through the use of force, fraud, or coercion for the purpose of subjection to involuntary servitude, peonage, debt bondage, or slavery*

Remember to consult with your patients about your concerns using trauma-informed care and respect patients' autonomy.

Doctors, nurses, and social workers are mandatory reporters of all violations of human rights. Providers must get patient permission to report or call if 18+; it is a violation of privacy rights to report without consent.

*State Policies

Under 18:

Louisiana **does require immediate mandatory reporting** by all healthcare providers through the designated state child protection reporting hotline phone number (1-855-4LA-KIDS). For suspected child abuse one can also report via the Louisiana Department of Children and Family Services Mandated Reporter Portal online, or in person at any child welfare office. Oral reports must be followed up by a written report on the online Mandated Reporter Portal within 5 days.

18 and over:

Louisiana **does not mandate reporting** of trafficking of adults **unless** they are an adult female who presents at an outpatient abortion facility. Report must be made immediately or no later than the end of the business day to the sheriff's department in the parish or local police department where the outpatient abortion facility is located. Louisiana also mandates reporting if patient is a vulnerable adult protected under APS (call 1-800-898-4910).

For all others, reporting should only be done with either patient consent or per HIPPA Privacy Rule regulations, if concern for imminent harm.
